

Certificate in Understanding Autism

Course Overview

Of the 700,000 people in the UK diagnosed with some form of autism in the UK, 70% of adults claim they do not receive any help in coping with their diagnosis.

As a result, feelings of isolation are common and one in three adults experience severe and ongoing mental health issues.

This level 3 certificate in Understanding Autism will allow you to develop a comprehensive understanding of autism in its many forms. You will learn how to adopt a positive approach to supporting individuals with autism and the different theories behind these approaches.

What You Will Study

This course is made up of 5 units:

- Understand the diagnosis and management of Autism
- Understand best practice in the context of Autism
- Legislation, guidance, information and support relevant to Autism
- Autism and behaviour
- Living with Autism in society

Attendance Expectations

There are no lessons to attend, though we would expect you to undertake 5-10 hours of learning a week.

How You Will Be Assessed

You will be assessed through a range of assessment methods, including short answer questions and longer essay style questions.
