

# Diploma Specialist Support for Teaching and Learning in Schools

## Course Overview

This qualification has been designed for those members of the school workforce who directly support the teaching and learning of pupils and who have a specialism in supporting, for instance, bilingual children or children with special educational needs.

Portfolio sessions will include theory research, practical tasks, work based projects, resource learning. Your assessor will plan, and assess your practical work in the workplace.

## What You Will Study

You will need to achieve 11 mandatory units plus optional units.

The mandatory units are:

- Communication and professional relationships with children, young people and adults
- Schools as organisations
- Support learning activities
- Promote children and young people's positive behaviour
- Develop professional relationships with children, young people and adults
- Promote equality, diversity and inclusion in work with children and young people
- Support assessment for learning
- Engage in personal development in health, social care or children and young people's settings
- Support children and young people's health and safety
- Understand child and young person development
- Understand how to safeguard the wellbeing of children and young people

## Attendance Expectations

You will have regular tutorials and one-to-ones with your assessor.

## How You Will Be Assessed

You will be allocated an assessor who will guide you to complete a portfolio of evidence building evidence from knowledge and understanding to practical tasks.
