Course Overview

This is a two-year full-time programme at Levels 4 and 5. In year one you will complete a Higher National Certificate in Performing Arts (Acting) at Level 4.

On completion of your Higher National Certificate, you will complete a Higher National Diploma in Performing Arts (Acting) at Level 5.

Professional development is at the heart of this course, and you will have the opportunity to develop as a dramatic theatre artist in a truly creative and collaborative way. This course will provide you with the opportunity to apply your experience in the studios and in a diverse range of performance arenas. In year one you will develop performance and theatre skills in a supported forum.

In year two you will further develop industry practices, building on your previous experiences and exploring your own lines of enquiry to help you develop as a performing arts practitioner. Through engagement with industry professionals, you will experience and gain first-hand knowledge and understanding to enhance your studies.

Through practical classes you will develop a wide range of performance techniques that are drawn from world-renowned practitioners and theorists, such as Screen Yorkshire, enabling you to become a versatile practitioner. The course is designed to give you the necessary skills to become proactive about your own career progression, building the confidence and ability to plan and deliver workshops, direct your own performances, devising and creative writing skills, teamwork and build a solid understanding of how the industry works.

Underpinning the practical aspects of the course is the exploration of theoretical concepts of performance and its creation and presentation. You will perform in several productions a year that will see you apply techniques and develop your stagecraft. You will be expected to work with fellow students in a supportive and creative manner, often working with the director to develop performance work and your own understanding of how you make theatre works and take them from the page to the stage.
