

Level 3 Creative Media Production & Technology (Content Creation)

Course Overview

Launch Your Career in the Dynamic World of Digital Content Creation!

This industry-focused Level 3 course, built upon the UAL Level 3 Creative Media Technology and Production qualification, provides you with the advanced knowledge, practical skills, and creative vision to thrive as a content creator in today's fast-paced digital landscape. You'll learn to conceptualise, plan, produce, and strategically distribute compelling content across a wide array of modern media, including the popular platforms of YouTube, Twitch, and TikTok, alongside established channels.

From the engaging intimacy of podcasting and the electrifying energy of shoutcasting to the powerful visual storytelling of video and the strategic impact of social media marketing and online advertising, this programme offers hands-on experience across the entire content lifecycle. Through practical projects utilising industry-standard software and guided by expert instruction, you will develop a robust portfolio showcasing your abilities and directly preparing you for exciting employment opportunities within the creative industries. This course is designed to equip you with the skills sought after by employers in roles ranging from social media management to video production and beyond.

This course is ideal for individuals who are:

- Passionate about crafting engaging and impactful content for diverse online audiences.
- Keen to explore and master various digital media formats, including video, audio, and live streaming.
- Driven to develop advanced practical skills in audio and video production, professional editing techniques, and strategic content distribution.
- Aspiring to build a career in roles such as Content Creator, Social Media Manager (across platforms like Instagram, TikTok, YouTube, X/Twitter, and Facebook), Podcaster, Streamer (Twitch, YouTube Live), Video Editor, Digital Marketing Assistant, or Advertising Assistant.
- Focused on building a strong professional portfolio to impress potential employers or secure further education in the competitive creative media sector.
